Cambridge Farmers' Market

Ask yourself a few simple questions. . . Our hope is that you answered, "Yes," to all of the above questions, and that's what we love about food: It is a common bond we all share, a single thread that when talked about, brings to mind all sorts of stories and experiences that we can share. Farmers' markets are a centre of commerce and socializing, a venue for combining old with new and a place for new ideas to be explored and celebrated. The Cambridge Farmers' Market (CFM) is our community food hub. It is where residents gather to talk about food and community happenings. It's where awareness is built and the beginnings of change takes place. The CFM dates back to the 1830s with the current market building holding its seat on Dickson Street since 1887. The presence of the market in conjunction with other civic structures, the Town Halls, is an English tradition that is as relevant today as it was when the market was built. The CFM building's continued use as a market is unique in Ontario. While

DÃ@rives

December 9, 2023 to March 17, 2024 Curated by Alix Voz Aware that movement is self-constructed, Torres is attentive to the forks in our paths and direction changes that shape our contemporary way of life. The installation creates a space of questioning about a reality in which displacement invokes both the fragility and the adaptability of the human being. At the intersection of art and architecture, or rather a product of their synergy, Dérives manifests as a space of freedom paving the way for limitless possibilities. This project materializes as an immersive and organically designed architectural ensemble, beckoning visitors to explore its depths and take ownership of the space itself. Conscient que le mouvement est aussi une construction de soi, Torres est attentif aux bifurcations et aux changements de direction qui façonnent notre mode de vie contemporain. L'installations créent des espaces d'interrogations sur une réalité dans laquelle le déplacement appelle la fragilité ainsi que

Cambridge Farmers' Market

Ask yourself a few simple questions... Our hope is that you answered, "Yes," to all of the above questions, and that's what we love about food: It is a common bond we all share, a single thread that when talked about, brings to mind all sorts of stories and experiences that we can share. The presence of the market in conjunction with other civic structures, the Town Halls, is an English tradition that is as relevant today as it was when the market was built. The CFM building's continued use as a market is unique in Ontario. Whil
