Cambridge Farmers' Market

Ask yourself a few simple questions... Our hope is that you answered, "Yes," to all of the above questions, and that's what we love about food: It is a common bond we all share, a single thread that when talked about, brings to mind all sorts of stories and experiences that we can share. Farmers' markets are a centre of commerce and socializing, a venue for combining old with new and a place for new ideas to be explored and celebrated. The Cambridge Farmers' Market (CFM) is our community food hub. It is where residents gather to talk about food and community happenings. It's where awareness is built and the beginnings of change takes place. The CFM dates back to the 1830s with the current market building holding its seat on Dickson Street since 1887. The presence of the market in conjunction with other civic structures, the Town Halls, is an English tradition that is as relevant today as it was when the market was built. The CFM building's continued use as a market is unique in Ontario. While
