Dérives

December 9, 2023 to March 17, 2024 Curated by Alix VozAware that movement is self-constructed, Torres is attentive to the forks in our paths and direction changes that shape our contemporary way of life. The installation creates a space of questioning about a reality in which displacement invokes both the fragility and the adaptability of the human being. At the intersection of art and architecture, or rather a product of their synergy, Dérives manifests as a space of freedom paving the way for limitless possibilities. This project materializes as an immersive and organically designed architectural ensemble, beckoning visitors to explore its depths and take ownership of the space itself. Conscient que le mouvement est aussi une construction de soi, Torres est attentif aux bifurcations et aux changements de direction qui façonnent notre mode de vie contemporain.
